Prepared: 2026-10-22. USD whole units; not thousands or millions.
Standalone borrower scope; no parent, guarantor or unrelated facility.
2026 and 2027 columns below are supplied annual projections, not actuals.
Calendar years: 01 January through 31 December of each named year.

ANNUAL PROJECTION	2026	2027
Revenue	4000000	4400000
Net income	Not supplied	700000
Interest expense	Not supplied	100000
Income-tax expense	Not supplied	100000
Depreciation	Not supplied	100000
Amortization	Not supplied	100000

No discretionary EBITDA addbacks are supplied or permitted.
Revenue growth compares these two author-supplied annual projections;
it is projected growth, not a measured historical business outcome.

Cash available for debt service, annual principal and interest, and the
required scope qualification continue on FINANCIALS-1 page 2.
Neither revenue nor EBITDA substitutes for documented cash available.

USD whole units. Annual projection: 2027-01-01 through 2027-12-31.
Standalone borrower; transaction basis TXN-1, pro forma at 2026-10-23.

SUPPLIED ANNUAL DEBT-SERVICE AND CASH SCHEDULE

Cash available for debt service:	900000
Annual principal payments:	500000
Annual interest payments:	100000

Qualification: Both payment lines include the proposed E-N01 loan and remaining borrower funded debt after the documented repayment.
These are supplied annual totals, not a validated full-term loan schedule.

DOCUMENTED TRANSACTION AND BALANCE-SHEET BASIS TXN-1

Existing funded debt immediately before transaction:	2400000
Proposed funded borrowing in this transaction:	1200000
Existing funded debt repaid in this transaction:	300000
Current assets, same pro-forma date:	1500000
Current liabilities, same pro-forma date:	750000

The repaid 300000 is already part of existing funded debt and is deducted once only. Do not subtract it a second time or assume a net-cash deduction.
Existing remaining debt has no prior-ranking lien on COLLATERAL-1’s pool under this fictional scenario. See COLLATERAL-1 page 1 for explicit liens.
FINANCIALS-1 page 1 supplies annual income-statement components and units.
